HRITESH KUMAR NAYAK

JUNIOR SOC ANALYST | CYBERSECURITY FRESHER

Berhampur, Ganjam, Odisha, India
hriteshk.nayak@gmail.com | +91 7008405048

PROFESSIONAL SUMMARY

Entry-level Cybersecurity Professional with a B.Tech in Computer Science and Engineering and a strong foundation in networking, Linux, network security and vulnerability assessment. Familiar with Wireshark, Nmap, Kali Linux and Burp Suite, with practical exposure to security testing in lab environments. Interested in SIEM monitoring, log analysis, threat detection and incident response. Seeking a Junior SOC Analyst opportunity to apply analytical and technical skills while developing practical security operations experience.

TECHNICAL SKILLS

Networking: TCP/IP fundamentals, DNS, HTTP/HTTPS, network protocols, network traffic analysis.

Security Fundamentals: Vulnerability assessment, OWASP Top 10, reconnaissance, security testing, basic threat analysis.

Security Tools: Wireshark, Nmap, Burp Suite, Metasploit, SQLmap.

Operating Systems: Kali Linux, Ubuntu, Windows.

Programming & Scripting: Python, Bash, JavaScript, SQL.

Security Knowledge: Network security, web application security, authentication vulnerabilities, security assessment and remediation reporting.

PROJECT EXPERIENCE

Web Application Vulnerability Lab Assessment

Environment: OWASP Juice Shop, DVWA, Burp Suite

- Designed and configured a local lab environment using vulnerable web applications.
- Conducted security assessments targeting SQL Injection, Cross-Site Scripting (XSS) and Broken Authentication.
- Used Burp Suite to inspect and analyze web application requests.
- Prepared vulnerability reports outlining security impact, severity and remediation recommendations.

EDUCATION

Roland Institute of Technology | 2022–2026

Bachelor of Technology (B.Tech), Computer Science and Engineering

RELEVANT COURSEWORK

Database Management Systems, Computer Science, Business Software Development.

CAREER INTERESTS

Security Operations Center (SOC), SIEM Monitoring, Security Alert Investigation, Threat Detection, Incident Response and Vulnerability Management.
