HRITESH KUMAR NAYAK

Penetration Tester

hriteshsitu@gmail.com | +91 7008405048

Berhampur,Ganjam,Odisha | 760010

PROFESSIONAL SUMMARY

Dedicated and analytical Cybersecurity Fresher with a strong foundation in network security, vulnerability assessment, and penetration testing.

Exprience in industry-standard security principles and hands-on experience identifying vulnerabilities in lab environments (TryHackMe, HackTheBox). Eager to apply offensive security skills,
scripting knowledge, and a security-first mindset to safeguard organizational assets as a Junior Penetration Tester.

EDUCATION

Roland Institute of Technology (CSE)

Bachelor of Technology (B.Tech) in Computer Science & Engineering

RELETED COURSEWORK : Database Systems, Computer Science, Operations Management, Management, Business Software Development

TECHNICAL SKILLS

- Security & Penetration Testing: Vulnerability Assessment, Web Application Testing, Network Penetration Testing, Social Engineering, Reconnaissance, Exploitation, Post-Exploitation.
- AI Security & Automation: AI-assisted Threat Analysis, Autonomous Security Agents, Prompt Engineering for Reconnaissance, Custom Security Script Generation via LLMs.
- Tools & Frameworks: Burp Suite, Metasploit, Nmap, Wireshark, John the Ripper, Gobuster, SQLmap, Ghidra, Hydra.
- Operating Systems: Kali Linux, Parrot OS, Ubuntu, Windows Server.
- Programming & Scripting: Python, Bash, JavaScript, HTML/CSS, SQL.
- Standards & Methodologies: OWASP Top 10, NIST, PTES (Penetration Testing Execution Standard).

WEB APPILICATION VULNARABILITY LAB ASSESSMENT

- Designed and configured a local lab environment utilizing vulnerable web applications (OWASP Juice Shop, DVWA).
- Conducted comprehensive security assessments targeting common vulnerabilities, including SQL Injection, Cross-Site Scripting (XSS), and Broken Authentication using Burp Suite.
- Authored detailed vulnerability reports outlining impact severity and actionable remediation steps.
